

Dudley Maier, Andrew Main and Sally Lake at Smiths Lake, North Perth.

Volunteers required

CLAISE Brook Catchment Group is calling for volunteers to join a Northbridge rejuvenation program this weekend.

The group needs people to help revitalise garden beds at Piazza Nanni, as part of a program to create a sustainable urban landscape in the inner city.

Claise Brook Catchment co-ordinator Sally Lake encouraged business and community members to get involved, even if they could only spare a short amount of time.

"We are really excited by the prospect of creating a truly West Australian garden oasis of native flora within an inner-city precinct," she said.

Ms Lake said the plants, which were funded by the East Perth Redevelopment Authority, were chosen for their foliage, flowers and variety and did not need much watering or fertiliser.

Volunteers are needed on Saturday, August 12 between 9am and noon and should bring gloves and a trowel. For more information, call 9227 9514 or email info@cbcg.iinet.net.au
